

Helping Behavior Discussion Questions

Time for application

- In small groups:
- Think back on the video depicting Mamoudou Gassama rescuing the child off the balcony
 - One by one, assess whether each of the social psychological explanations for helping behavior that we've talked about could have contributed to his helping behavior
 - Decide which of the explanations your group thinks fits best

Time for application

- In small groups:
- Once again, think back on the video we watched at the beginning of class showing Mamoudou Gassama's rescue. Apply the five-step model of helping behavior to this situation.
 - How did he make it through all these barriers?
